

Manufacturing Operator

We have an opportunity in our Heading & Tapping department for a Manufacturing Operator. This is an exciting opportunity to work in a company that holds a prestigious, global brand.

GESIPA® UK based in Keighley, West Yorkshire is a manufacturing company producing a wide range of fasteners supplying different customers, many of which are in the automotive sector. Gesipa is part of the global SFS Group, who are a worldwide leading supplier of application-critical precision components and assemblies, mechanical fastening systems, quality tools and procurement solutions. We also have a fantastic reputation across the globe, present in 35 countries with over 140 manufacturing & distribution sites that employ approximately 13,200 employees – our “Value Creators”.

This is a very important and varied role where you will set machines to produce customer specification products within set time scales as specified by the team leader.

Your working hours are 37 per week, which are worked over various rotating shift patterns Monday to Thursday, including possible night shifts.

Your main tasks & responsibilities:

- Producing goods and carrying out inspections in accordance with works orders
- Meeting quality standards
- Weighing products accurately
- Setting machine using correct tooling
- Liaising with Technical and Quality departments

To succeed in this role, you will need:

- Strong work ethic and positive attitude
- Ability to read and understand production drawings
- Some experience in a factory environment
- Ability to work as part of a team and also independently
- Flexible and willing to work in various shifts patterns
- Drive and passion to produce a quality product

What you will get in return:

- 26 days annual leave per year plus statutory bank holidays
- Participation in the SFS Group profit-sharing scheme

- Enrolment into the SFS Health Cash Plan scheme
- Training and development opportunities
- Long service awards
- Company pension scheme
- Free car parking

Full training and support will be given by the team. Applicants are welcome to express their interest by emailing their CV to Anniina Kuhna at anniina.kuhna@sfs.com
